

# McKinney and Company forms partnership with Gandy School

McKinney and Company has been supporting the Town of Ashland by partnering with Gandy Elementary to participate in the school's "Lunch Buddy" program.

The Lunch Buddy program pairs a McKinney employee with a Gandy Elementary student. The two meet once a week at Gandy for lunch.

During these lunches, the children and volunteers discuss a variety of topics from sports to space.

The interaction of the children and adults provides invaluable benefits to both young and old.

Started by Marketing Coordinator Jesson Zafar, the program had seven McKinney volunteers in the spring, including Laura Duke, Barbara Jacocks, Scott O'Connell, Nikki McCarthy, Marietta Jaen, and Bianca Cabrera.

McKinney and Company is a planning, design, and construction firm located in the heart of Ashland at 100 South Railroad Avenue.
