

Commonwealth Enterprise Solutions Center

Chesterfield, Virginia

McKinney and Company is providing full design services for this 191,500 square foot data center that will house consolidated technological services. The project is being accomplished through a public-private partnership following guidelines of the Public-Private Education Facilities and Infrastructure Act of 2002 (PPEA).

The primary Data Center rests on a 28-acre site in the Chesterfield County Meadowville Technology Park. This center will employ 500 people. A companion, back-up facility of 101,000 SF is currently under construction by McKinney and Company in Russell County, Virginia. This companion facility will employ 300 people.
